+ ABOUT ME

Curious and innovative software development student with the will to learn and write new things. I personally derive joy in working with other hardworking developers in solving problems and implementing new solutions. Solid love and knowledge in Backend development(server-side).

+ WORK EXPERIENCE

● ICA   JUN 2019 - JUL 2019
Goteborg
PRATIK

I worked as one of the store workers, organising and arranging things around. My Primary job was to ensure that all things are in thier right place, fill up the empty spaces when emtpy alongside my co-workers.

● Partille Cup   JUL 2019 - JUL 2019
Goteborg
MATSALBITRÄDE

I was responsible for handling kitchen/dining activities alongside a selected few of co-workers.

● Bostad AB Poseidon   JUL 2019 - AUG 2019
Goteborg
SUMMER JOB

I worked with other youths to clean and manage areas controlled by Poseidon AB housing.

+ EDUCATION

● Honeyland school   2018
Lagos,Nigeria
HIGH SCHOOL DIPLOMA

Started and completed my highschool education at Honeyland college(2012-2018). At my final senior years(3) at college I was Science based student and became the Head boy during my last year.

● Kristianstad university   2022
Sweden
BACHELOR OF SCIENCE

Currently studying Software Engineering. Coursework in object oriented programming, database, security and networking.
